ANIMAL STUDY

This week, for our yearly animal study, the students were allowed to vote for *two* animals! The votes have been cast and they would like to learn more about... **Polar Bears** and **Elephants!** The children will learn fun facts about each animal as well as important information such as:

- ★ **Physical anatomy** (weight, height, length, features)
 - ★ **Fur, hair, skin** (thick or thin, long or short, texture)
 - ★ **Diet** (carnivores, herbivores, omnivores)
 - ★ **Habitat** (cold, warm, continent, country)
- And more...**
