

Color Exploration . . .

February 25th - March 7th 2008

Over the next 2 weeks we will be exploring the amazing world of **color!**

Students are fascinated by the colorful world around them, and throughout this unit we will not only explore the use of color in the world around us, but we will experiment with various artistic mediums such as:

- 🌀 Chalk drawing
- 🌀 Oil painting
- 🌀 Finger painting
- 🌀 Sponge and Pattern painting
- 🌀 Marble painting
- 🌀 Tempura painting and more...

Students will also focus on and learn about specific art terminology and techniques such as:

- 🌀 Primary & Secondary colors
- 🌀 Cool vs. Warm colors
- 🌀 Shading
- 🌀 Color mixing
- 🌀 The Color Wheel
- 🌀 Art vocabulary (horizontal, vertical, portrait, still life, sculpture, design, etc...)

Most importantly, the children will be encouraged to express their personality through the new art techniques they learn. Fun, learning, and self discovery... a receipt for success!
