

July 11th -15th 2011

July 11th - 15th **LEGO** Masters !

Do you have what it takes to be a MASTER LEGO Builder? Only a few individuals every year are selected to join this elite, not to mention super-fun group of professionals! Students this week will learn to sharpen their LEGO building skills as well as learn the fascinating history behind the birth of the LEGO. We will explore some of the world's most famous LEGO creations. Have you ever painted with LEGO's? You will this week! All students will receive; *The Official LEGO Magazine, Calendar, Membership, and their very own MINI-creator kit!*
