

July 18th - 22nd 2011

New!

July 18th – 22nd ***Reading is Succeeding***

*Research confirms that “getting a solid foundation for emergent readers and a challenge approach for established readers directly impacts success in school! “ This week we bring reading to life with a focus on making reading fun through interactive games and activities. Our in-school library has **150 new books** of every genre from princesses to exotic cars and science to mysteries! Students will work to set reading goals and receive their very own reading passport!*

- If your child is a reader and they are reading a favorite book at home, we encourage them to bring it to read during their **quiet-reading times** each day.
- If your student is not yet a reader but has a **favorite story or book**, we encourage them to bring it in as well, and share it with their friends.

Last week was an exciting week for our students. As you could see from some of the activities your child brought home they learned lots of information about one of the most popular toys in the world...LEGO'S. We hope your child has enjoyed building with their LEGO set they got to bring home.
