Preschool – Kindergarten – After School
A child-centered prepared environment where children succeed

February 8th – 12th 2010

Valentine's week is a great time to focus on fostering positive friendships at school! Throughout the week, we will be highlighting the many ways to show your friends (& family) you care for them. New vocabulary will include; **special, friendship, heart, love, hugs** and **candy**. Using our Cut, Build, Paste and Write technique, the students will learn to spell, read, and write these new words. Through theme related puppet shows and role playing our students will see that fun and caring relationships are the best kind to have while enjoying your classmates. We will also feature a reading comprehension activity with a quiz on the history of Valentine's Day.

On Friday, February 12th we will end the week with the celebration of Valentine's Day (Sunday, February 14th this year). It will include **heART activities**, a **valentine exchange** and a **special snack**. (If your student does not normally attend on Friday's, please drop their valentines off at school by Thursday, February 12th, and we will distribute them).

Closed reminder...

As noted on the 2009–2010 School Calendar, Ari's Academy is closed this coming Monday, February 15th 2010. Please plan accordingly.
